The only people who will have access to the information are those employees who need it for their work. The information may also be transferred to other government ministries and agencies for the purpose of implementing and overseeing the Roulez vert Program. I understand that failure to provide the information will prevent my application from being processed.

The social insurance number will be used to produce the RL-27 slip, «Government Payments», which Revenu Québec requires the MERN to provide when paying a subsidy. I understand that if I do not meet all the conditions and terms set out in the applicant guide and in the normative framework, the application review process may be delayed or the application may be deemed ineligible for the financial incentive.

I acknowledge that MERN may ask that the incentive be repaid in the event of a false declaration.

Tax compensation

Applicants who wish to receive the financial incentive themselves will be subject to government compensation as defined in the Act respecting the Ministère du Revenu, which allows certain amounts payable to recipients by public organizations to be withheld for the payment of a debt under a tax law in Québec, or under the Act to facilitate the payment of support.

The ministère de l'Énergie et des Ressources naturelles shall not, in any circumstances whatsoever, be held liable for any damage or prejudice resulting from implementation of the Program.

Attestation and consent

I hereby declare that I have read and understood all the conditions and terms set out in the applicant guide and in the normative framework, along with the declarations and consents indicated earlier.
